## BOUTIQUE

### OUR VISION

The Saint Boniface is an exciting and sensuous feminine lifestyle boutique inspired by the archetypes of The Groupie vs. The Muse. Our goal is to guide our customers towards finding their inner Goddess and use our products as a catalyst in presenting their blessed-self to the world.

### OUR BOUTIQUE

Our brand is a mash-up of bohemian, Rock and Roll, and fantasy - offers cultured and eclectic merchandise that is imbued with sexuality, spirituality, and drama. We stock a carefully selected inventory of high-quality music, literature, housewares, esoteric materials, sex-positive materials, and beauty products from around the globe.

### BARCELONA

The Saint Boniface Boutique is based out of Barcelona, Spain and our clothing line is championed by a wide array of local designers. All of our mid-priced and luxury apparel is made to embody the enticing and awe-inspiring essence of the Goddess within every female.
